### **Building Trades I (8515)**

Grade level: 11, 12 Credit: 3.0

Prerequisites: None

Building Trades I prepares students to erect, install, maintain, and repair buildings, and other structures using materials such as metal, wood, stone, brick, glass, concrete and composition substances. Students focus on developing skills in core safety and masonry, carpentry, electricity, and plumbing professions.

Student must be 16 years of age by September 1 of the current school year to meet Department of Labor guidelines.

### **Building Trades II (8516)**

Grade level: 11, 12 Credit: 3.0

Prerequisites: Building Trades I

Building Trades II continues to prepare students to erect, install, maintain, and repair buildings, and other structures using materials such as metal, wood, stone, brick, glass, concrete, and composition substances. Students focus on mastering skills in core safety and masonry, carpentry, electricity, and plumbing professions.

There are many careers in construction trades like HVAC, Plumbing, Electrical Carpentry and Green Energy. If you are thinking of one of these careers, get started by taking Building Trades I & II.

We also help you earn your OSHA 10 hour General Industry card for safety to help you get started on your new career.
